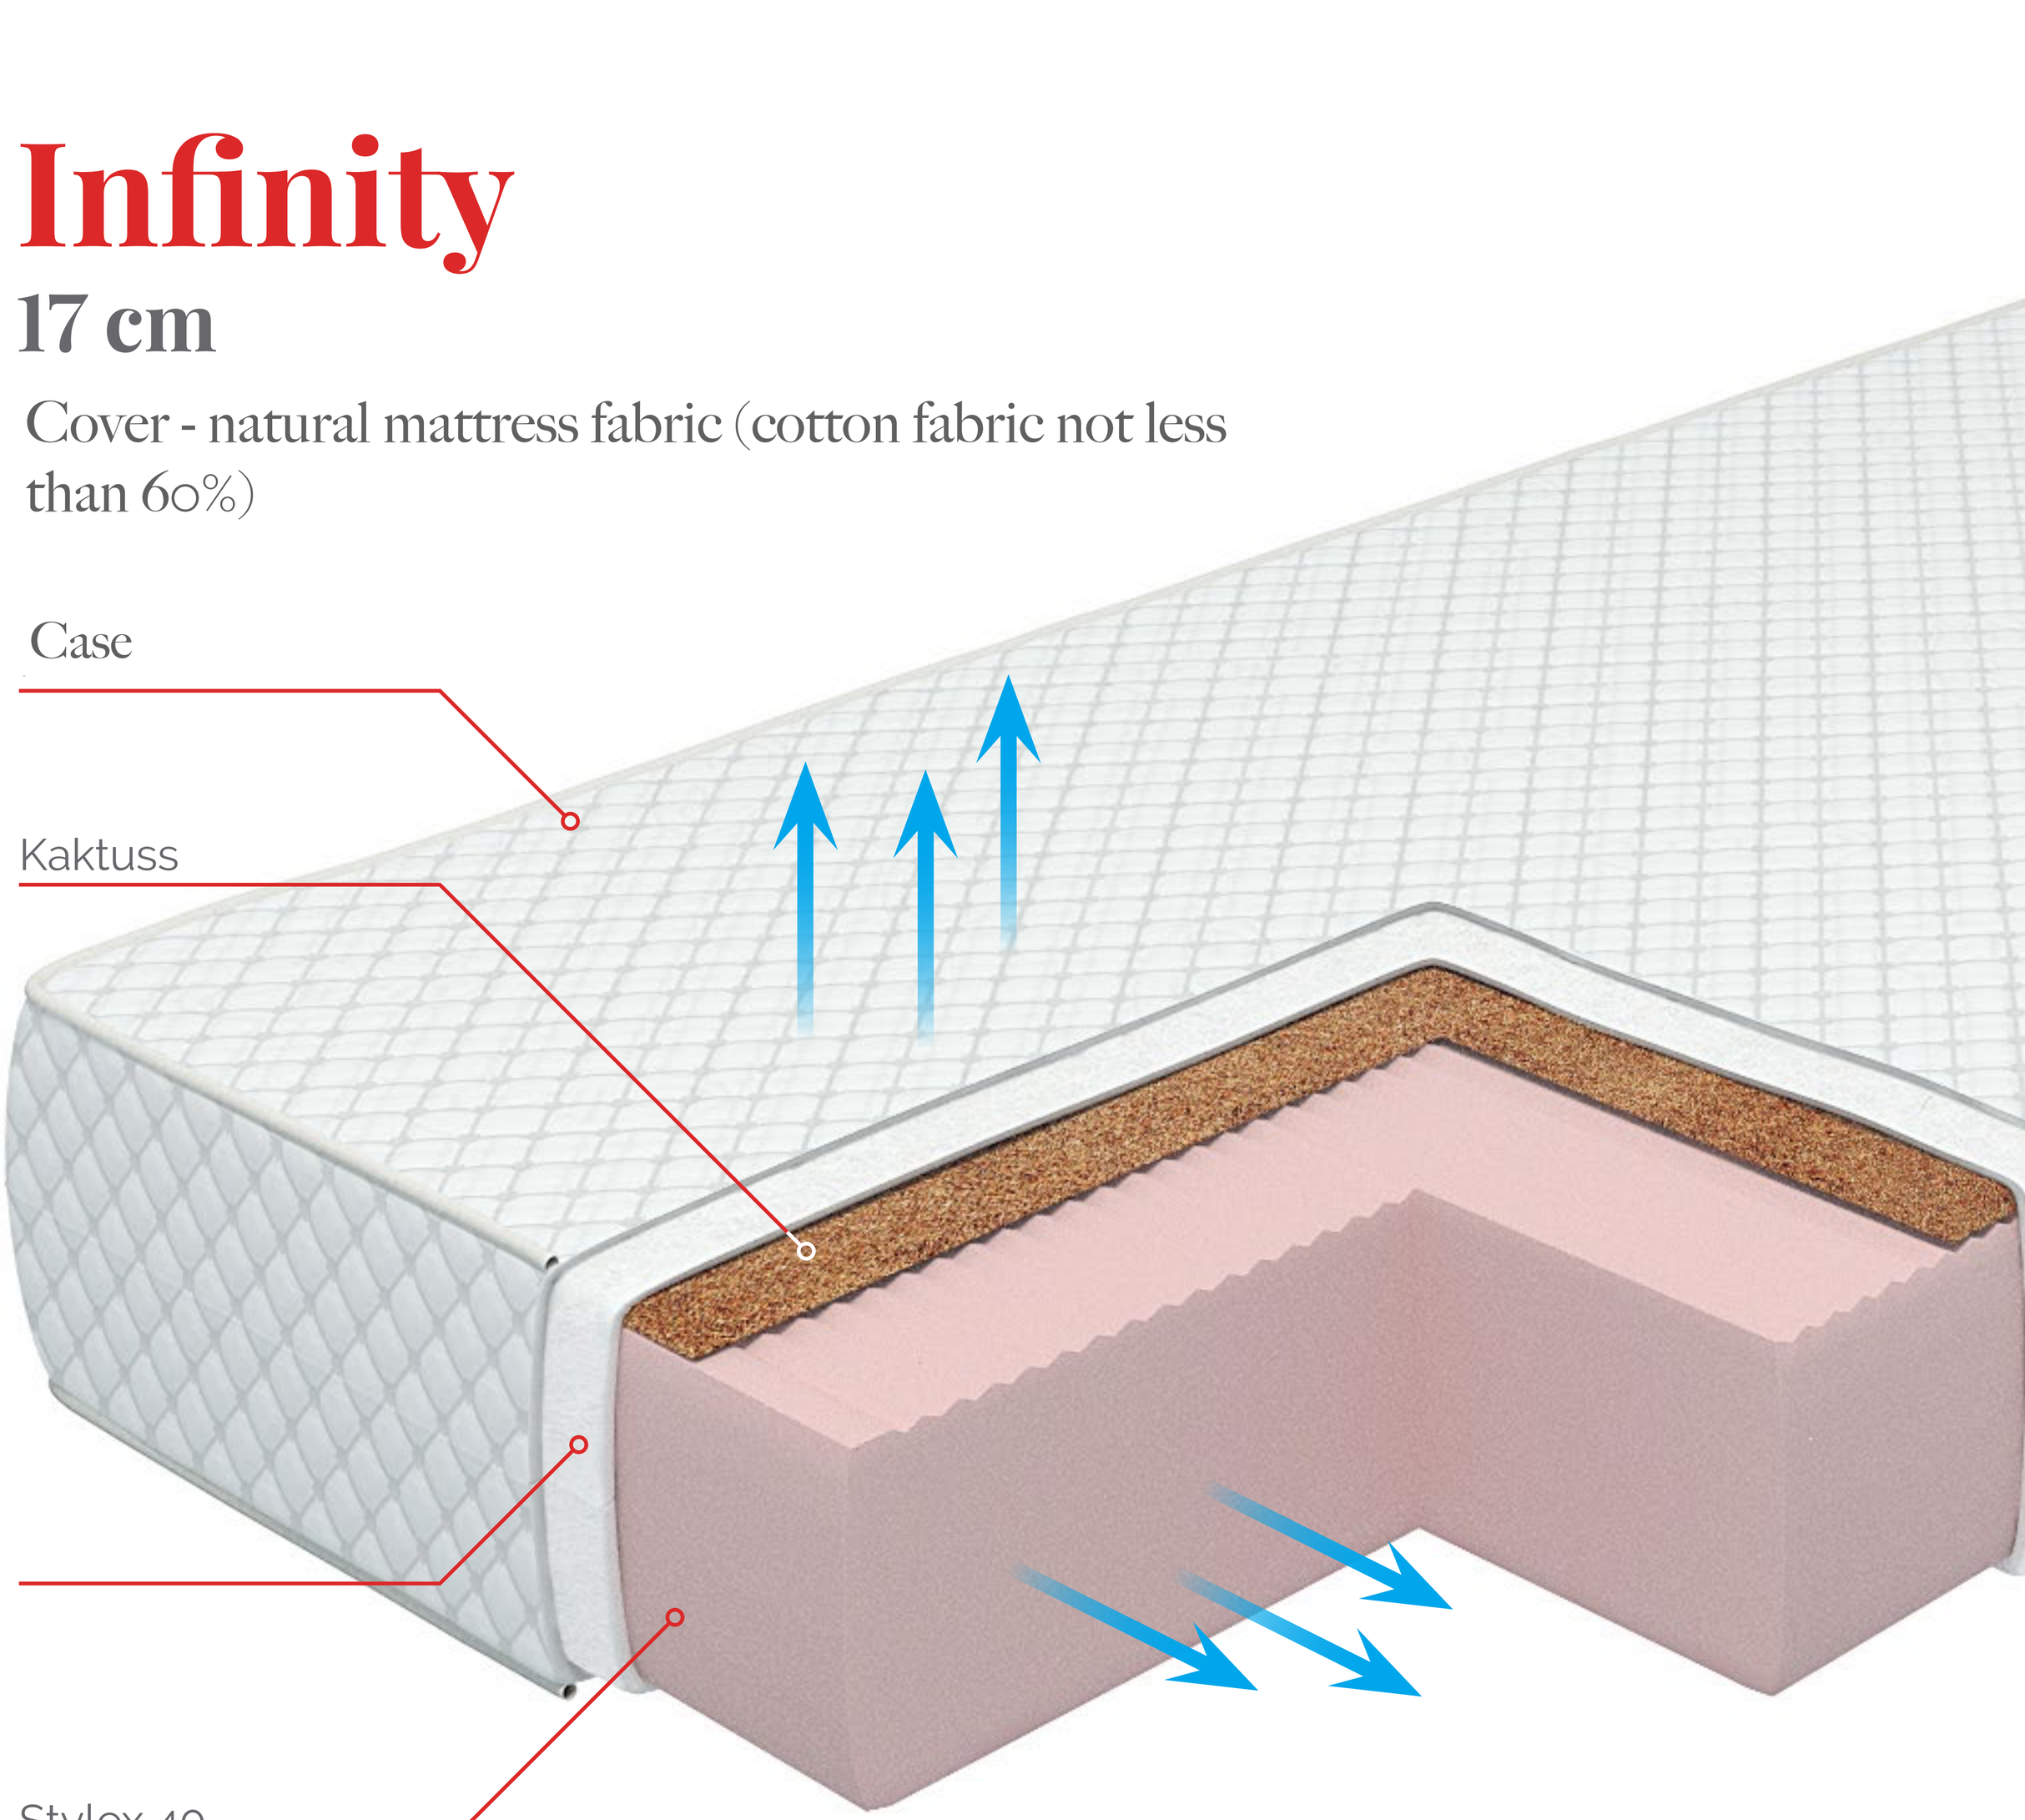
Infinity

17 cm

Cover - natural mattress fabric (cotton fabric not less than 60%)



Service life of at least 10 years

Zippered case, removable, easy care

Permissible load up to 140 kg (per one part of the mattress)

Durable double-sided mattress without springs with excellent orthopedic properties. When choosing an Infinity mattress, you will get two different types of mattress in one, since we use a thick layer of natural cactus on the harder side of the mattress, which will withstand increased load (even 140 kg per bed), and will not form bedsores over time. The other side of the mattress is made of Stylex 40 foam. Stylex40 foam adapts to the individual characteristics of the human body, repeats and captures the smallest movements of the sleeper. This will ensure complete comfort during sleep.
