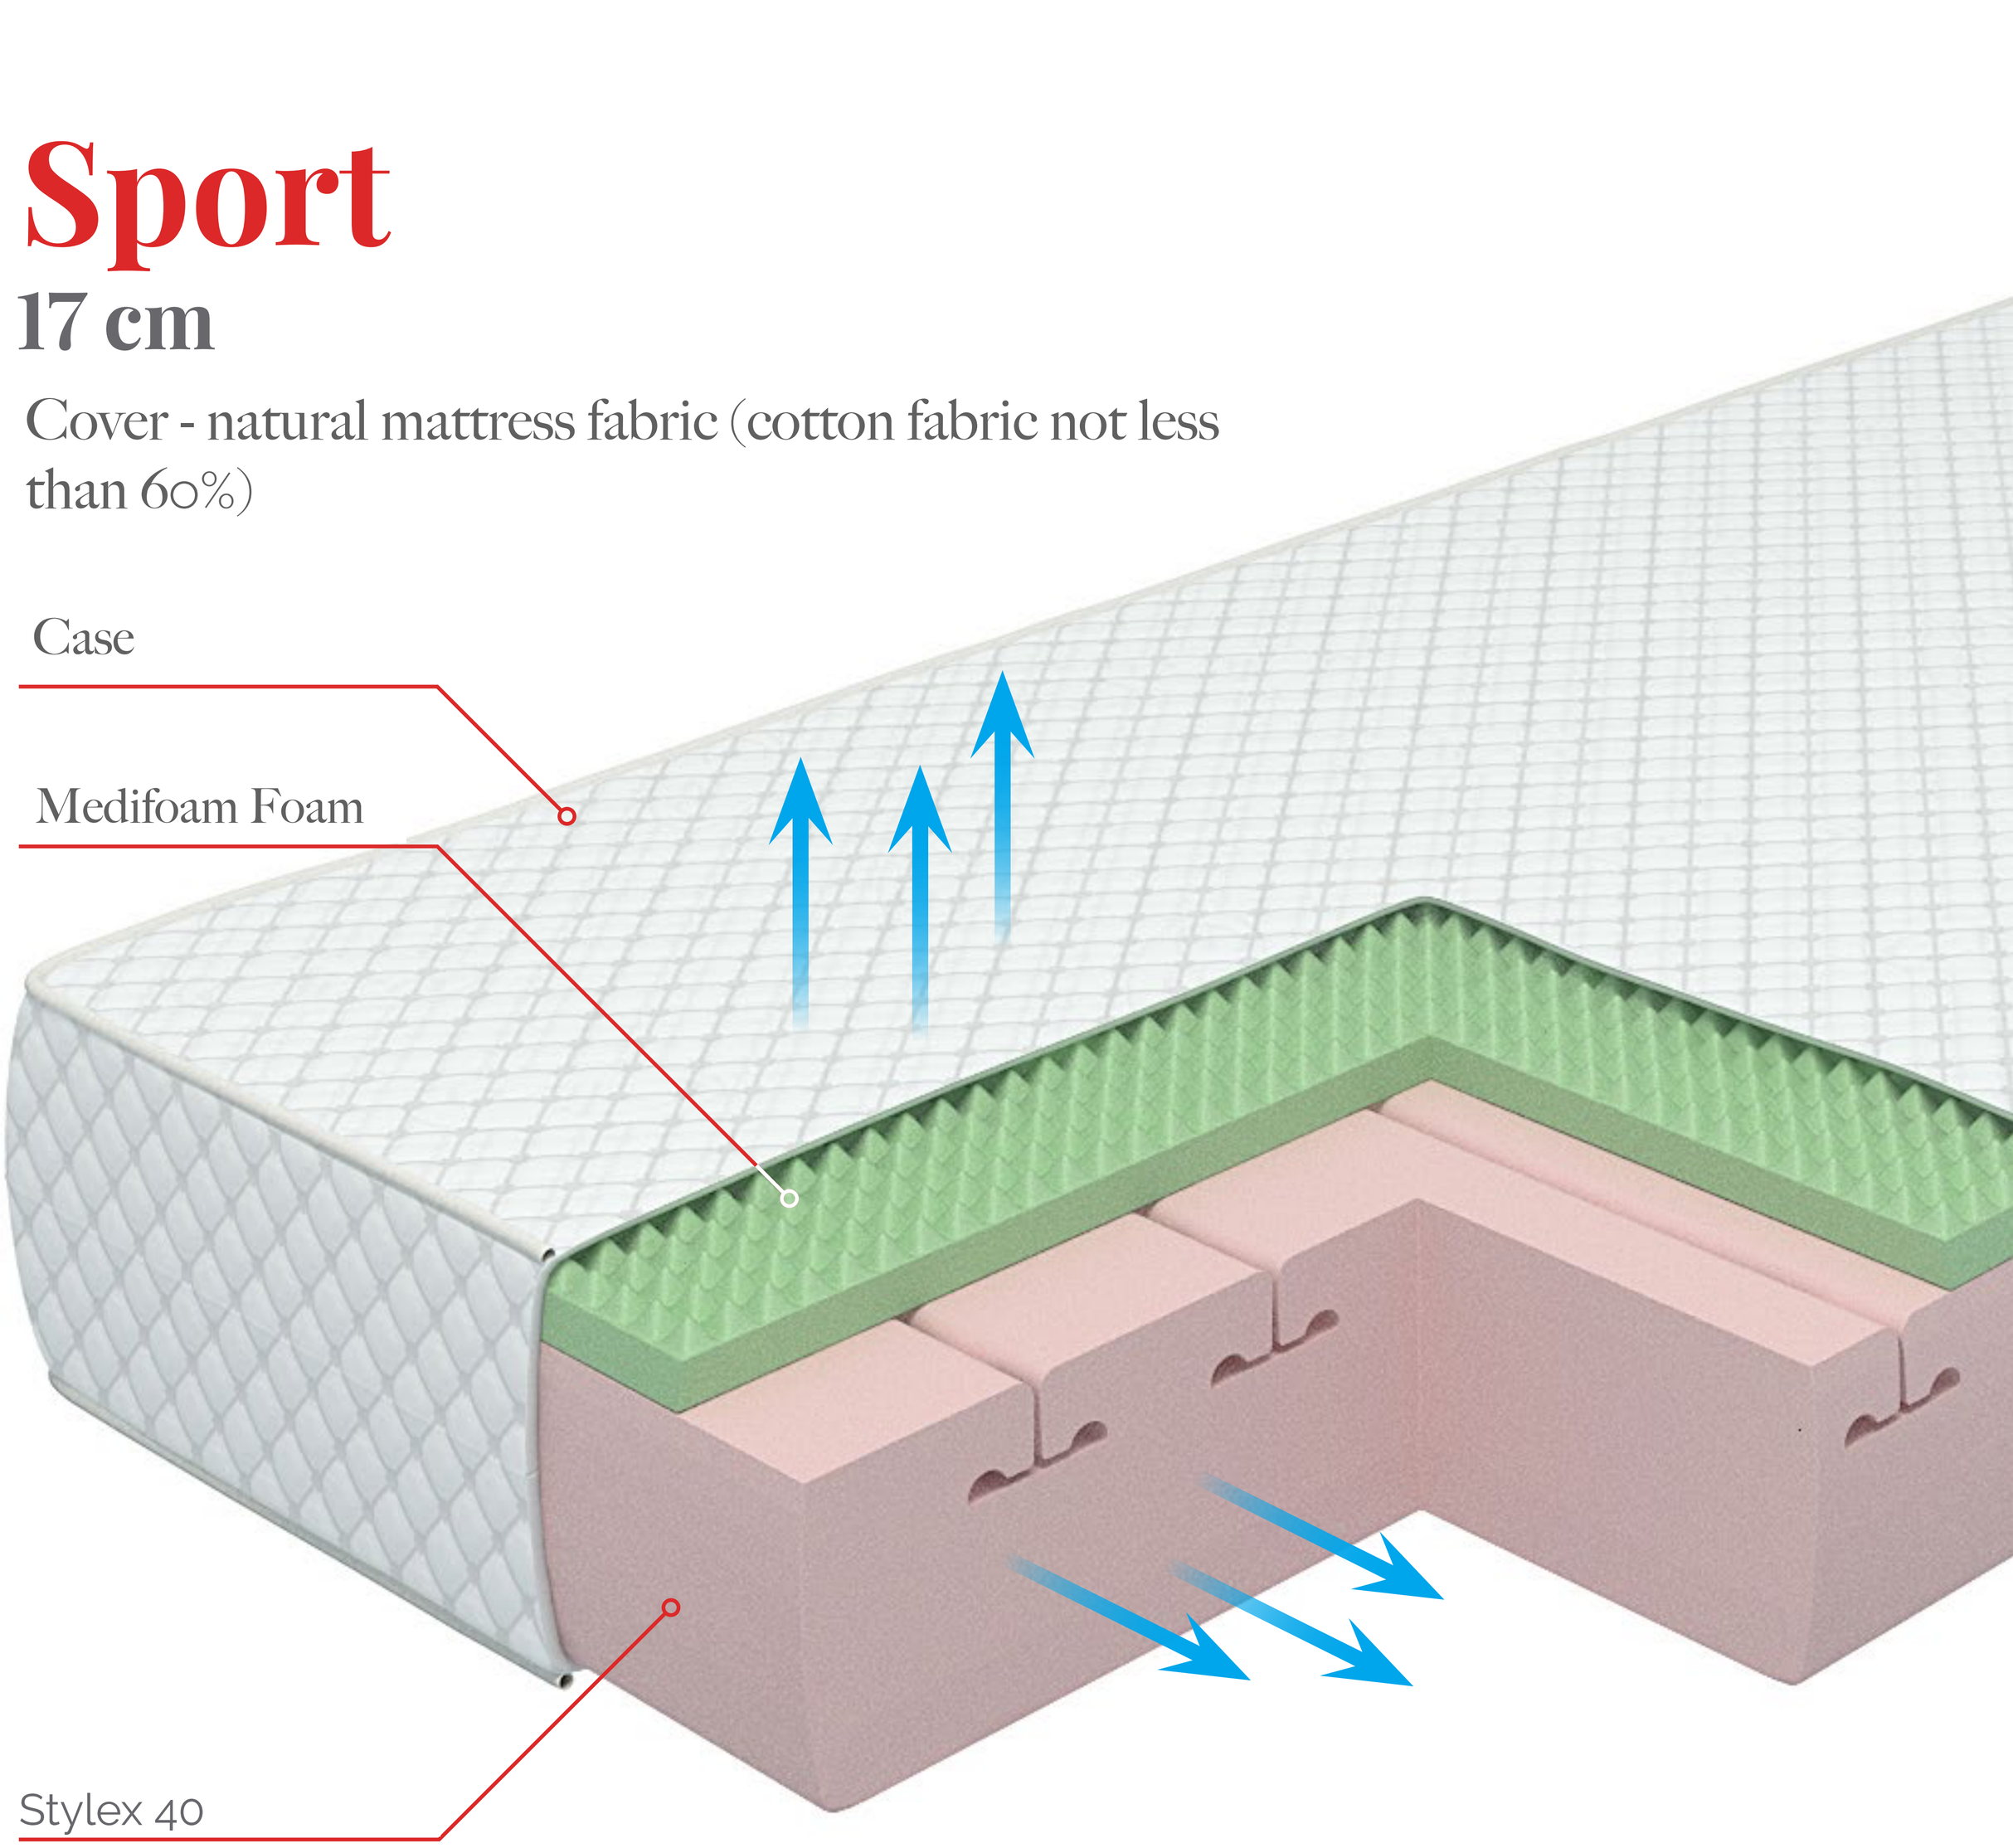
Sport

17 cm

Cover - natural mattress fabric (cotton fabric not less than 60%)



Service life of at least 5 years

Dust mites free

Permissible load up to 90 kg (per one part of the mattress)

The mattress does not require to change sides during use

Zippered case, removable, easy care

Mattress "Sport" is an airless mattress of medium stiffness, with high orthopedic disk properties, with different sides of stiffness. The surface of the mattress consists of a profiled layer of Medfoam foam, at the base – a dense profiled layer of Stylex 40. Due to the mattress padding, the mattress will follow the contours of the body, providing optimal support. In addition to perforation, air circulation in the mattress will occur more intensively.
